COMPANY PROFILE

IT Consulting Café

Getting IT done!

About Us

WE ARE AN EMPOWERING COMMUNITY TRANSFORMATION COMPANY

IT Consulting Café provides professionals with the intelligence in technology and human expertise that is needed to find trusted answers. We have established a team of highly skilled and experienced IT individuals who have specialised skills in business and information technology to provide value and experience to your business.

IT Consulting Café is focused on providing services and solutions, which include business analysis, implementation and ongoing maintenance in the following areas:

- Strategy
- Management
- Architecture
- Operations
- Advice
- Process
- Improvements
- Projects

IT Consulting Café leverages experience and knowledge gained from the local and international markets that bring a wealth of experience through the organisations that it represents locally and Internationally.

We Believe In

- Being able to quantify tangible value to our customers through benefits realisation
- Making a difference to our employees and their communities
- Empowering and educating
- Sharing our knowledge and experience to drive value

Company Strategy

IT Consulting Café's strategy is to provide high quality leading edge consulting services at competitive rates to our customers. IT Consulting Café will help our customers to improve their performance, through the analysis of existing problems and development of plans for improvement.

Our strategy focuses primarily on pursuing organic growth through IT Service and Product, Customer and sector diversification.

IT Consulting Cafe has formed strategic partnerships with the world's leading technology and business software and hardware providers in order to provide customers with robust, reliable and enduring solutions. The differentiated IT product and services offerings set IT Consulting Café apart in the marketplace and enable its customers to have uniquely tailored solutions powering the day-to-day efficiencies within their businesses.

We offer a fresh outside perspective, on various IT related matters. IT Consulting Cafe specialises in giving advice on strategy, collaboration, infrastructure, management and solutions.

We aim to be competitive in the market by having low overheads, thereby making our service affordable and competitive to small, medium and large businesses.

Our internal value creation is centered on empowerment and an education program in order to empower our people through our mentorship programs.

IT Consulting Café

Getting IT done!

IT Consulting Café is committed to fair and sustainable business practices and strict adherence to legislative requirements and other applicable regulatory frameworks.
